

I pay extra for the privilege of having an unlisted number, and the reason I do is to eliminate unwanted solicitation. I still do not understand how they are able to get listings of UNLISTED phone numbers. It is quite annoying to say the least. Also, we the consumers chose to pay for the unlisted number therefore, NO ONE should have the right to divulge our phone numbers to ANYONE without our consent.

I think the NJ DO NOT CALL listing is should remain as it is!!!
